## DISASTROUS WRECK ON SEABOARD SUNDAY

### Bridge Across Lochloosa Lake Goes Down---Fourteen Loaded Box Cars Dumped Into Water.

A disastrous wreck occurred on the Seaboard Sunday night between Waldo and Ocala, at Lochloosa bridge, when fast freight train No. 11, consisting of a double-header and about sixty box cars, was wrecked, fourteen of the cars being dumped into the lake.

The wreck will prove quite a loss to the company from a financial standpoint, but fortunately no one was injured, for both engines passed safely over the bridge before it fell with its heavy load of freight cars.

At the time of the accident the train was running at a good rate of speed, and this fact alone saved the lives of the two engineers and firemen, who were stationed on the heavy engines.

The train was in charge of Conductor Lashley, while Engineers Tatum and Jones were stationed on the engines. This train is the regular fast freight that runs between Jacksonville and Tampa, making only a very few stops between the two cities, and always carries a heavy train, often being compelled to use the double-header.

Fortunately there was no damage

outside of the loss of freight and had this train not passed at this time a great many people may have been killed later, for the midnight express, between Jacksonville and Tampa, was due to arrive at that point within a few minutes after the freight had crashed through the burning trestle, and it was necessary to flag this train, which was done only in the nick of time, for in a short while it appeared at the scene of the wreck.

Both passenger trains were run over the Coast Line between Ocala and this city Monday morning, and traffic over this route will probably not be resumed under the next two days, as it will be necessary to build a new bridge before traffic can be resumed.

The origin of the fire on the trestle had not been determined Monday, and some are of the opinion that it was the work of some incendiary, though it is probable that it caught from some passing train and lay smouldering until the midnight hour.

## New Administration Building For The State College

TALLAHASSEE, Sept. 20.—The fall term of this college will open on Wednesday, Sept. 29th, with every assurance of one of the most successful sessions in its history. This statement is based upon the fact that the number of reservations already far exceed those of any previous year. Judging from these reservations not only will nearly all the old students return, but an unusual number of new ones will register. Preparations are being rapidly pushed and everything will be in readiness for the opening. A number of improvements have been recently made, one of the most important being the erection of a large building for laundry purposes. This will be equipped with the best up-to-date machinery, completing an addition much needed by this institution.

The general plan for the beautifying of the grounds has been followed during the summer as far as the appropriation for the year would allow, and the improvement to the property is apparent to the most casual observer.

New apparatus for the science laboratories has been purchased, and the year will open with every department thoroughly organized.

### New Administration Building.

The friends of the college are rejoicing over the action of the Board of Commissioners of State Institutions in voting an appropriation of \$90,000 for the erection of an administration building which shall replace the entirely inadequate structure now in use.

Plans for this new building have been submitted by the same architects who planned Bryan Hall, and have been unanimously approved by the Board of Control. Bids will be advertised as soon as the specifications are ready, and it is fully expected that the contract will be let and work commenced by December 1.

### Description of New Building.

This administration building will be an imposing structure of three stories, with towers flanking the main

entrance. It will be erected immediately in the rear of the present building, facing east, with three wings eighty feet in length extending west. The first floor will be occupied by the physical and chemical laboratories, the domestic science department, and the model school and kindergarten rooms. On the second floor will be the executive offices, library, reading room, and an auditorium capable of seating 1,200 persons. The third floor will be devoted to the art studios, lecture and recitation rooms. The music department will occupy a suite of rooms in each floor of the central wing in the rear of the auditorium. Great care has been taken to make this administration building of the Florida State College for Women one which may be pointed out with pride, not only for the utility of the arrangement and durability of the structure, but for beauty of architecture as well. It will be a credit to the great and growing State which is so liberally providing for her young women.

### WILCOX ITEMS.

WILCOX, Fla., Sept. 20.—J. T. Swindle and family of Newberry were visiting friends here this week.

Miss Susie Sanchez of Trenton is visiting her aunt, Mrs. Wm. R. Williams.

J. S. Panter and Frank Rucker went across the river at Eugene to prospect for timber. They purchased a nice lot for ties.

C. E. Dunham of Paradise was here this week inspecting his camp and cypress timber. Ties and rails are being shipped for the train work now in progress under the supervision of Mr. Sheffield. Mr. Dunham is well pleased with the prospect.

Capt. Gauden paid Wilcox a business visit last week.

Miss Alice Lloyd departed Saturday morning to take charge of her school at Unity, Levy county. Her little sister, Marion, accompanied her and will attend the school.

### COUNTY JUDGE'S COURT.

Brilliant Array of Legal Talent in Distress Warrant Case.

For the past three or four days the attention of the County Judge's court has been largely taken up in a case in which J. W. Patton, agent for John F. Murray, was the plaintiff, and Jim Croxton, Levy Johnson, Abe McCray and William Thomas, colored, were defendants.

The case is the outcome of a distress warrant issued against the defendants, whom the plaintiff charges had rented certain lands from the Murray estate on a "cropping" basis, and that the defendants had failed to pay their proportion of the crops as rent, in accordance with the agreement. It was for this reason that the distress warrants were served by Sheriff Ramsey—to compel the payment of obligations by defendants.

The testimony was long and drawn out, there being a large number of witnesses. The attorneys for both sides appeared also to be unusually active in the case, with the result that it required some time to complete same.

Judge Mason has not yet announced his decision, and has the case still under consideration.

Attorneys Broome and Robt. E. Davis appeared for the plaintiff, while Attorneys Halle and Fielding represented the interests of the defendants.

### CAPTAIN PAUL HEARD FROM.

Writes Col. Chubb That He Reached Duluth in Safety.

Col. Henry S. Chubb has received a letter from Captain A. Paul, chief of field staff of the United States general land office, to the effect that he has reached his old home, Duluth, Minn., where he is enjoying his vacation with his children.

Captain Paul states that he spent Sunday in Chicago, the greater part of which he visited Lincoln Park and the Zoo. He found the thermometer 70 in Chicago, but the register in Duluth was ten degrees lower, being 60. "Rather cool for a Southerner," he declared, "but bracing, and I appreciate the brief change of temperature, although I must confess that I will not feel sorry when the time comes for me to return to Florida."

Captain Paul expects to be absent until about October 1. His friends will be glad to learn that he is enjoying his well-earned vacation.

### NEW FAMILY ARRIVES.

A. F. Ackerly and Family of Indiana Will Make Their Home Here.

Among the latest arrivals in the city who have come to make their home here are A. F. Ackerly and family, who came from Terre Haute, Indiana.

Mr. Ackerly, who is a personal friend of H. S. Graves, was here for a short time last winter, at which time he became so favorably impressed that he determined to return with his family and locate—and he has kept his word.

The Ackerly family are located at the Witherspoon House, awaiting the arrival of their furniture.

### Injured in Runaway.

While returning from the home of a neighbor Monday morning, Mrs. J. H. Crown of Rocky Point was quite painfully injured in a runaway, the horse she was driving becoming frightened and making a spirited dash. Mrs. Crown was thrown from the vehicle, and in some manner one of her arms became tangled with the lines, with the result that her wrist was painfully sprained, besides injuries in the shoulder and head.

Dr. J. H. Colson was summoned and rendered medical assistance, and reports that while the injuries are very painful no serious results are anticipated.

You may find what you are looking for through a want ad. in The Sun.

## ENGINEER CRIPPEN IS KILLED ON A. C. L. RY.

### Fatal Wreck Occurred Near Lakeland Saturday Evening---Negro Porter Will Also Die.

LAKELAND, Fla., Sept. 20.—A serious wreck occurred at 6 o'clock Saturday night on the Atlantic Coast Line, near Winston, two miles above this city, when passenger train No. 89, from Jacksonville, jumped a frog, turning the engine completely over, injuring five persons.

Engineer C. T. Crippen of Sanford, Fla., Will Ropson, express messenger, of Jacksonville; Goldie Smith, colored, Jacksonville; Jim Branch, fireman, Tampa, and Conductor Davenport were injured, and the passengers were severely shaken up.

Full particulars are not at hand and it is not known whether or not any of the passengers were badly injured. The engineer and firemen were pinned under the engine and badly scalded, and Messenger Ropson was thrown into the scalding steam with broken limbs. Smith was struck by a driver of the engine and his leg was mangled.

A relief train brought the injured to this city.

### MR. CRIPPEN IS DEAD.

LAKELAND, Sept. 20.—Engineer C. T. Crippen of Sanford died at 1

o'clock yesterday morning as the result of injuries received in the Atlantic Coast Line wreck at Winston Saturday afternoon. In obedience to instructions from his wife, who is in Iowa, the body will be shipped to that State for interment. Mrs. Ropson, wife of the dead express messenger, arrived here yesterday morning and will accompany the body to Jacksonville.

Goldie Smith, the colored porter, is in a serious condition and may die. Jim Branch, the colored fireman, will recover.

The track was cleared yesterday morning and there is no further delay in traffic.

SANFORD, Sept. 20.—The untimely death by accident of C. T. Crippen, which occurred Saturday night at Winston, is greatly deplored in Sanford, where Mr. Crippen has lived for a number of years. Mr. Crippen was the engineer on train No. 89, which was wrecked Saturday. He was a member of the local lodge of Masons. His family are at present in Iowa, and Mr. Crippen had only recently returned from his vacation. He leaves a wife and three children.

### ACCIDENT TO J. F. SMITH.

Injured in Runaway in Jacksonville, Which Delayed His Return.

Friends of James F. Smith, the photographer, who went to Jacksonville a few days ago for the purpose of purchasing a new machine for the printing of negatives by electricity, will regret to learn that he was "mixed up" in a runaway in or near that city the middle of the past week, which has necessitated a delay of his return. Mr. Smith expected to have reached home Tuesday or Wednesday last, and writes a friend that he would have been here at that time had it not been for his misfortune.

No particulars of the runaway were received, but it is hoped that Mr. Smith's injuries will not prove serious. He states that he thinks he will be enabled to return home today.

### WILL HAVE BENEFIT.

Band Will Organize Fat and Lean Baseball Teams.

The baseball season will not be "closed tight" yet, as it is understood the Gainesville Cornet Band is now

working up a benefit in the nature of a game to be pulled off at an early date between the fats and the leans.

This will be a worthy and deserving benefit, and should be liberally patronized by our people, as nothing should go unaided when it is known to be for the benefit of the band.

Further particulars will be given later.

### A Surprise Party.

Thursday evening at 7:30 o'clock a jolly crowd met at Ciyatt Station and tendered Mr. and Mrs. W. M. Burch a surprise, given in honor of their sister and daughter, Mrs. Martha Brooks of Daytona, and Mrs. Merthon J. Main of Nocatee, their visiting guests.

Delightful and laughable games were indulged in, and then Mrs. R. M. Chamberlin passed around delicious cake, pickles and lemonade. The remainder of the evening was spent in pleasant conversation until the wee sma' hours. Those who were so fortunate to be present departed, voting Mr. and Mrs. Burch royal entertainers.

## Taxation Causes Talk of Division of California

WASHINGTON, Sept. 20.—The recent threat of a body of citizens in California to establish another State within California borders, because of dissatisfaction with taxation methods, has attracted the attention of officials here. The United States constitution provides that "no new State shall be formed or erected within the jurisdiction of any other State; nor any State be formed by the junction of two or more States, or parts of States, without the consent of the legislatures of the States concerned as well as the Congress." This constitutional provision, together with the manner in which California was carved out of other territories, are pointed to as reasons why such a threat would

likely never reach more definite form. It is not the first time that the question of the division of California has arisen, for taxation was a problem that started such an agitation as long ago as 1849. At that time, during the constitutional convention at Monterey there was talk of overthrowing the Northern influence in California, then a territory, and so to make possible an ultimate division of the State, in case the southern part proved to be adapted to slave life.

Not long before the outbreak of the Civil War there was renewed "talk" of division of the State, and there have been meetings in Los Angeles and Santa Barbara county and elsewhere at various times in a sporadic effort along this line.

### FOR CITY MARSHAL.

To the Voters of the City of Gaines-  
ville: A special election having been  
called on Tuesday, October 19, for  
the election of a Marshal to succeed  
Ben T. Arnow, resigned, I beg to  
announce that I will be a candidate  
for that office, and ask the support  
of my friends. Being thoroughly ex-  
perienced along the line of police  
work, which has been gained by a  
practical experience, and being now  
acting Marshal, if my action in this  
capacity meets your approval, I ask  
your votes to be continued in office.  
Sincerely, HARRY L. OWENS.

I respectfully announce myself a  
candidate for City Marshal at the spe-  
cial election to be held on October  
19th. I am in the race until the polls  
close on the day of the election, and  
respectfully solicit the votes of my  
fellow-citizens, promising if elected,  
to perform the duties of the office  
without fear or favor, and to have  
cause to regret that I have never  
before.

#### Received a Souvenir.

Through the courtesy of a friend  
in New York, N. A. Callison has re-  
ceived a handsome program of the  
Hudson-Fuller Celebration, which will  
be held on the Hudson river from  
September 25 to October 9, and which  
is attracting attention from every  
section of the country.

Mr. Callison appreciates the thought-  
fulness of his friend very much, and  
regrets exceedingly his inability to  
be present, especially since his good  
wife will be there.

#### Hoppty Hop.

Are you just barely getting around  
by the aid of crutches or a cane?  
Unless you have lost a limb or have  
a deformity—if your trouble is rheuma-  
tism, lumbago, sprain, stiff joints, or  
anything of like nature, use Ballard's  
Snow Liniment and in no time you  
can throw away your crutches and  
be as well as anyone. Price 25c, 50c  
and \$1.00. Sold by W. M. Johnson.

#### Runaway on East Main Street.

Monday morning one of the horses  
belonging to Crawford & Davis be-  
came frightened and ran away, com-  
pletely demolishing the buggy and  
tearing up a few panels of fencing  
for Dr. J. H. Hodges. Fortunately no  
one was in the vehicle at the time,  
and outside of the damage to property  
no loss is reported. The animal  
escaped injury.

#### Have You a Baby?

Then watch it closely. And above  
all things don't let it suffer for any  
length of time with worms—that is  
fatal. If it's complexion gets yellow  
and pasty, if it is listless, cross or  
peevish, gets thin, suffers with flatu-  
lence, give it White's Cream Vermi-  
fuge—the only cure that never fails  
and has no bad effects. Sold by W.  
M. Johnson.

#### Small House Burned.

Saturday afternoon the small house  
owned by Lige Haines in the north-  
eastern part of the city was destroy-  
ed by fire, the building and contents  
being a total loss. The origin of the  
fire is unknown, as all occupants of  
the place were away at the time and  
did not know of the occurrence until  
late in the night when they went to  
their home.

## HIGH SCHOOL HAS BIG DAY ON ITS OPENING

LARGEST ENROLLMENT IN HIS-  
TORY OF THE INSTITUTION.

Attendance Was Greater Than at Any  
Period Last Term, and All  
Hard at Work.

The opening of the Gainesville  
Graded and High School on Monday  
morning was one of the greatest  
events of its kind ever witnessed in  
the city for a matter of attendance,  
which shows that a remarkable in-  
crease has been made in the city  
within the past year.

The attendance for the first day  
was four hundred and fifty-one, just  
seventy-five more than were enrolled  
on the first day of last year. The  
number in attendance Monday was  
also greater than the total enrollment  
for any month of last session.

Following the enrollment of the pu-  
pils and the proper classification,  
they were marched into the large au-  
ditorium for chapel exercises and  
quite a number of the citizens and  
patrons were present for this occa-  
sion but not nearly as many as de-  
sired by the teachers who labor so  
hard for the interest of the children  
and the general welfare of the city.

Appropriate addresses were made  
by Dr. A. A. Murphree, President of  
the University, Rev. T. P. Hay of the  
Presbyterian church, Rev. F. H. Craig-  
hill of the Episcopal church and Capt.  
G. M. Lynch, who has charge of the  
department of secondary educa-  
tion at the State University.

Dr. Murphree reviewed the rela-  
tion of the public school to the  
State University, and expressed  
the desire that it might be offi-  
cially named, and made in reality,  
the University High School. He fur-  
ther stated that Gainesville boys would  
not be permitted to enter the Univer-  
sity until they have completed the  
tenth grade and advised them to  
graduate in the High School before  
applying for admission to the institu-  
tion of which he is the official head.

Prof. Cassels and his efficient corps  
of teachers have entered upon the  
season's work with a vim and will do  
their utmost to make the present ses-  
sion of the High School the largest  
and most successful in its history. In  
this they should have the hearty co-  
operation of every citizen of the city.

It is believed that with the extra  
large enrollment, it will reach in the  
neighborhood of 600 before many  
weeks have passed, for quite a number  
of families are still absent from the  
city who will return within the next  
few weeks.

#### FOR SILVER SERVICE.

Board of Trade Takes Action to Se-  
cure Funds.

At the suggestion of Mayor Davis,  
the Gainesville Board of Trade have  
taken the matter of raising funds  
for the purpose of a silver service for  
the battleship Florida.

Parties desiring to contribute to

be received from parties residing at  
any point in Alachua county.

## S.S.S. PURELY, VEGETABLE

The absolute vegetable purity of S. S. S. has always been one of the  
strongest points in its favor, and is one of the principal reasons why it is  
the most widely known and universally used of all blood medicines. A  
great many of the so-called blood purifiers are really nothing more than  
strong mineral mixtures which act so unpleasantly and disastrously on  
the delicate membranes and tissues of the stomach and bowels, that even  
if such treatment purified the blood, the condition in which the digestive  
system is left would often be more damaging to the health than the original  
trouble. Not so with S. S. S.—it is the greatest of all blood purifiers, and  
at the same time is an absolutely safe and harmless remedy. It is made  
entirely of the healing and cleansing extracts and juices of roots, herbs  
and barks, each of which is in daily use in some form by physicians in  
their practice. Years of work and research have proven S. S. S. to contain  
everything necessary to purify the blood and at the same time supply the  
system with the purest and best tonic effects. S. S. S. cures Rheumatism,  
Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison  
and all other blood troubles, and it leaves the system in perfect condition  
when it has purified the blood. Book containing much valuable informa-  
tion on the blood and any medical advice desired sent free to all who write.

Long Before Hour of Opening  
Services.

The union welcome service by the pastors of the various churches of the city Sunday night to the Rev. J. J. Cloar of Owensboro, Ky., recently called to the pastorate of the First Baptist church here, was among the most notable events to transpire in this city for some time.

Rev. T. P. Hay, pastor of the First Presbyterian church, with Rev. F. R. Bridges of the Methodist, Rev. F. H. Craighill of the Episcopal and Elder J. T. Johnson of the Advent, joined in a formal welcome service and one which was deeply appreciated by the minister and the large congregation that was present.

Each of the ministers welcomed to the city the new pastor and hoped that his relations would prove pleasant and profitable to all the churches and the Gainesville people generally.

Rev. Cloar responded to the welcome and at once showed that he was affected by the deep feeling that was already existing among the people with whom he was to cast his lot, and he felt that much good had been accomplished along the line of Christian work in this city and it would be his aim to ever work for the interests of Christ and the Church.

There is probably few cities in the country where the congregations mingle as they do in Gainesville, and the warm, friendly and pleasant social manner in which they have mingled together has done much for the cause of Christianity here.

Rev. Cloar comes to the Baptist church as pastor with the most flattering recommendations and the entire citizenship of Gainesville will cordially welcome him and his family.

## NEWS OF CITY AND COUNTY CONDENSED

T. N. Limbaugh, who makes his headquarters at Starke, is among the commercial men "doing" Gainesville.

E. F. Zetrouer of Rochelle, one of the merchants of that thriving village, was a visitor to Gainesville yesterday.

L. W. Warren, of the Lukens Gulf Cypress Company, of near Cedar Key, was transacting business in the city yesterday.

Itching piles provoke profanity, but profanity won't cure them. Doan's Ointment cures itching, bleeding or protruding piles after years of suffering. At any drug store.

Mrs. Carl Wilson and daughter of Old Town were in the city yesterday for a short while en route to Reddick. While here they were the guests of the family of T. B. Ellis, Sr.

W. E. Waits, one of the best citizens of Hawthorn, was a visitor to the city yesterday. He says that business is picking up and the planters are realizing on their cotton at the present time.

W. J. Hodge of Alachua was a business visitor to the city yesterday. Besides conducting a market at that point, he is a heavy planter, having some of the best lands to be found in the country.

W. M. Dale left yesterday for Jacksonville for the purpose of meeting Mrs. Dale and child, who have been absent for several weeks visiting at several points of interest. They will return to the city today.

Miss Nellie Goss, who has been attending the Union Hospital, Valdosta, Ga., for the past several months, is at home for a brief visit with her mother and family, and her many friends are delighted to greet her again.

Mrs. S. M. Davis and children, who have been in North Carolina for a number of weeks, returned home Sunday. They report having had a most delightful outing but were equally as well pleased to again return to their home.

Take care of your stomach. Let Kodol digest all the food you eat, for that is what Kodol does. Every tablespoonful of Kodol digests 2 1/4 pounds of food. Try it today. It is guaranteed to relieve you or your money back. Sold by all druggists.

Capt. H. C. Parker, the veteran merchant and business man of La-Crosse, was a visitor to the city yesterday. He says that much cotton is being brought to that place, but it will now have to all be hauled to Alachua, owing to the burning of their ginny.

H. K. Wellington of the Air Dome left yesterday for a short business visit to High Springs. He states that he will return within a few days and will at once make arrangements for the re-opening of the Air Dome with even a better program than was carried before.

The furniture and fixtures for the new dental parlors of Dr. Geo. S. Waldo have arrived and will at once be installed in his new offices. When completed Dr. Waldo will have one of the most modern and best-equipped offices in the State for the practice of dentistry.

There will be a meeting of the executive committee of the B. Y. P. U.

this evening at the home of Mrs. S. B. Rogers. All officers are earnestly requested to be present, as business of interest will be discussed. There will also be choir practice at same time and place, to which all members are invited.

A. P. Stucky, one of the largest turpentine operators in Florida, is in the city on business for a few days. Mr. Stucky is also interested in the T. & J. Railway Company and still holds a nice slice of that company's stock, which is another proposition that is coming to the front along with "spirits."

Master Haisley, son of Postmaster and Mrs. L. C. Lynch, has returned from Balsam, N. C., where he spent the past few weeks with his mother. Mr. Lynch joined them about two weeks ago, and himself and wife expect to remain at Balsam for the next ten days, Haisley having come on account of the opening of the school.

Do not be deceived by unscrupulous imitators who would have you believe that the imitation pills are as good as DeWitt's Kidney and Bladder Pills. There isn't anything just as good as these wonderful pills for the relief of backache, weak back, inflammation of the bladder, urinary disorders and all kidney complaints. Anyone can take DeWitt's Kidney and Bladder Pills as directed in perfect confidence of good results. Sold by all druggists.

Attention is directed to the new advertisement of C. H. Coles & Son the jewelers and opticians on the north side of the square. While they have been established only about one year in Gainesville they have worked up a tremendous trade that reaches all sections of the State, and have hundreds of satisfied customers that will attest their popularity. They speak of their optical department which is second to none, and parties in need of glasses should consult them.

### Returns from Markets.

Mrs. F. T. McCormick returned from the Eastern markets Sunday, where she has been for the past three weeks purchasing her fall and winter stock of millinery. She states that her purchases this season include the largest and most select stock that she has ever bought for Gainesville, and she will be prepared to show the very best in headwear that was ever seen in the South. While the styles and stock are up to the highest, the prices will remain within easy reach of all. Her regular opening, which will be announced later, will show many attractive feasts for the lovers of the best.

### SHINES IN SOCIETY.

Women With Fascinating Hair Always Attract Attention.

If you are a woman with dull, lifeless, ordinary hair, do not feel distressed. Just make up your mind now that you can have just as luxuriant and captivating a head of hair as any other woman; and quickly, too.

Just go to W. M. Johnson's this very day and get a bottle of Parisian Sage. Use it as directed, and in two weeks your scalp will be free of dandruff, your hair will be soft, lustrous and beautiful.

If your hair is falling out, Parisian Sage will stop it.

If your hair is thin, Parisian Sage will make it grow in heavily.

If you have dandruff it will quickly vanish when Parisian Sage is used.

It prevents hair from turning gray; stops itching scalp almost instantly and is the ideal dressing for daily use.

A large bottle costs only 50 cents at W. M. Johnson's or direct, all charges prepaid, from the American makers, Giroux Mfg. Co., Buffalo, N. Y.

"For a long time my hair had been falling out and my scalp gave forth great quantities of dandruff. I used several so-called hair tonics but never received any benefit until I used Parisian Sage. This wonderful tonic cleansed the scalp and hair, removed the dandruff and stopped my hair falling out. There is nothing too good for me to say for Parisian Sage and I strongly endorse its use."—Mrs. Jessie Sweet, Lowell, Mich., June 28, 1909.

### Mr. Nelson's Fine Corn.

A. D. Nelson, a progressive farmer of Windsor, was in the city Saturday.

Mr. Nelson brought for entrance in The Sun contest four ears of corn of the "Red Blitch" variety, which he took from two stalks, and which weighed three pounds.

He says that his crop will average thirty bushels to the acre, which is certainly a fine yield.

## AN INFERNAL NUISANCE.

A long suffering public would like to know when the city authorities will enforce the ordinance requiring premises to be connected with the sewer mains, etc. It is nothing more nor less than an infernal outrage upon the tax-payers of the city to tax them for a sewerage system and then permit property owners to do as they please about installing sewerage on their premises. Certain residences on the adjoining blocks east of the square have been equipped with sewerage ever since the sanitary ordinance was enacted, yet they are compelled even at this late day to endure the stench from the sanitary wagon while removing buckets from the block on the same side of the square, owners of the property having never paid any attention to the sanitary ordinance. The same condition prevails in other sections of the sewerage district, and it is high time that the ordinance requiring connection with the sewer mains was enforced. If the present officials whose duty it is to enforce the ordinance are afraid to do so, they should resign and let others step in who will see that the law is complied with.

It is not right to make "flesh" of one property owner and "fowl" of another, as has been done in this matter, and we sincerely hope that the Board of Public Works will immediately "get busy" and see that the ordinance is enforced.

If you desire your share of business from the trading public, advertise in The Sun. It reaches all the people all the time.

What queer ideas the Oriental mind conceives. Japan proposes to reduce public expenditures and lower her tax rate!

Subscribers more than one year in arrears must not blame The Sun if they fail to receive the paper any longer. The postal authorities made the rule, and we have to obey it.

If a man walks, his wife needn't pray more than a minute a day for his safety; if he drives a horse, three minutes, and if he owns an automobile she should spend most of her time on her knees.—Sunflower Philosopher.

Anonymous communications continue to find their way through the mails to The Sun office, and thence to the waste basket. The last one came from Newberry and purported to give an account of a game of baseball between the teams of that place and Cadillac. Sign your name to your communication if you expect to see it printed in The Sun.

The summer wanderers are returning home in large numbers, and all of them declare that they are glad to get back home—while many of them will admit, confidentially, that they would have been more comfortable and have spent the summer more enjoyably and beneficially had they remained at home. For an all-the-year-round climate Gainesville has all the rest of the world "skinned to death."

## SMOKY FUNGUS OF ORANGES.

Press Bulletin No. 123, by Prof. H. S. Fawcett, which has just been issued by the Florida Agricultural Experiment Station, treats of the above disease as follows:

"Soon after oranges attain their normal color in the fall, a faint smokiness is often noticed on fruit that is otherwise bright and smooth. This smoky appearance may be mistaken for an accumulation of dust particles; but, on examination under a lens, it is found to be due to a network of dark-colored fungus threads. This fungus was noticed by A. H. Hume, under the name of *Lepthyrium pomi*. Although the smoky fungus appears to do no injury to the orange itself, yet it impairs its bright color, and thereby lessens its market value. This smoky appearance should not be confused with the more conspicuous black covering due to the sooty mold of whitefly-infested trees. The smoky fungus occurs in blotches or patches of various sizes, and in some cases covers the entire fruit. The fungus threads appear to be entirely superficial, and apparently do not even injure the epidermis of the fruit. This is shown by the fact that the bright color of the orange can be restored by rubbing or washing.

"This smokiness, though not a serious trouble, can readily be prevented, if perfectly bright fruit is desired. While conducting a series of spraying experiments for another trouble last year, it was noticed that the oranges were freed from smoky fungus. It was found that the smoky fungus could easily be controlled by spraying with Bordeaux mixture during October.

"It is a well-established fact that to spray an orange tree thoroughly within and without with Bordeaux mixture, is almost sure to invite an increase of scale insects on twigs, leaves, and fruit. The reason for this is that Bordeaux mixture kills the fungi that are parasites of the scale insects, and so allows these scales to multiply very rapidly. It was found that by spraying only once, about October, the smokiness was avoided, and there was not enough time for the scale insects to increase sufficiently to injure the appearance of the fruit before the shipping season. In spraying for this purpose, care should be taken to apply the spray, as far as can be done, only to the fruit. It should be kept as much as possible from the limbs or trunks. On the large limbs and trunks there will be left a sufficient amount of the scale fungi to spread out on the rest of the tree and keep down the scales. For preventing smokiness therefore, spray the fruit in October with Bordeaux mixture, or with ammoniacal solution of copper carbonate. Bulletin 76 of the Florida Experiment Station contains directions for the preparation of these fungicides."

Notwithstanding that Governor Johnson of Minnesota was at the point of death when President Taft arrived in St. Paul last Saturday, he dictated a message of cordial welcome, to which the President replied in a most feeling manner, predicting that if Governor Johnson's life is spared, as he prayed it would be, the people of the nation would some day call upon him to serve them as President.

Former Sheriff L. W. Fennell, true to his word, has given to Officer Chas. Pinkoson a check for \$50, made payable to Officers Pinkoson and Bryan, as a reward for the conviction of James Kelley and D. M. Davidson of the murder of W. C. Sellars at High Springs, the facts of which are already known to readers of The Sun. This conviction has been made since the retirement of Mr. Fennell from the office of sheriff of Alachua county, but Mr. Fennell, during his term of office, when the murder occurred, stated that he would give a personal reward for the apprehension and conviction of the guilty party or parties. The action of the jury at the special term in Palatka placed the guilt upon Kelley and Davidson, and with a desire to keep his promise Mr. Fennell gave the reward to Pinkoson and Bryan, who worked up the case. Thus ends another chapter in this celebrated tragedy.

The fixtures for the new postoffice at Bartow have arrived and have been placed in order, and the building is practically ready for the office to move in. ## SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. ## NEWS FROM ALL PARTS OF FLORIDA

The guava crop around St. Petersburg has been an unusually large one this year.

The young men of Tallahassee are using every effort to organize a good football team.

About \$20,000,000 has been expended upon the erection of new buildings in Jacksonville since the big fire.

Reports show that there are many evidences of growth and prosperity in Grandin and the country adjacent.

The big sawmill erected on the river front in Palatka during the past season by the Squirer Lumber Company started sawing logs last week.

The Monroe & Chambliss Bank in Ocala is having a metal ceiling put up. Unlike the old mortar ceilings, they have no plaster to crack and fall.

The Atlantic Coast Line has completed its Bone Valley branch into Ft. Meade. The first train from Lakeland via Tiger Bay to Ft. Meade went over the road last Wednesday.

The Bartow Courier says "Bartow has been declared the winner of the second pennant, as well as the first, and our peerless team are now the champions of the Florida State League."

Ground was broken Thursday for the new school house and assembly hall building to be erected for the Catholics in Tampa. The building is to be 35 by 85 feet, of stone veneer, and completely furnished and equipped.

Walter M. Pitt, superintendent of the waterworks department of Pensacola, has tendered his resignation, to accept a more lucrative position. Mr. Pitt has been in charge of the water plant there ever since it has been under municipal control.

The new Kress store in Pensacola has almost been completed, so nearly so that the big opening will be on Friday. It is said that this is to be one of the best five, ten and twenty-five cent stores in the South. The newly modeled sanitary candy case is not surpassed even in New York.

The cornerstone of the new Catholic church of St. Benedict, the Moor, was laid in St. Augustine on Sunday afternoon, with impressive ceremony. The edifice is to be a substantial brick structure, of ornamental design, both exterior and interior, and will have a seating capacity of more than 300.

E. J. Ash of Lake City found quite a curiosity on his pecan trees last week, in the shape of two large worms six inches long, with bodies about an inch in diameter and eight horns on the head, averaging one inch long. They are something new to that section, nothing like them ever having been seen before.

Ida Brown of Jacksonville, represented by J. E. Hartridge, has entered suit against the Electric Company there in the circuit court asking for \$5,000 for injuries received last October at the junction of Main and Bay streets. Complainant alleges that carelessness of employees caused her to be seriously injured.

Mark Burt, an aged farmer of Tampa, came near meeting death last

## INDIGESTION?

Friday. He turned out of the way of an approaching team directly into the path of a West Tampa street car. He is now in the Emergency Hospital as a result of the collision that occurred. His wounds may be considered serious only in view of his advanced age.

E. B. Lane, a prominent farmer residing near Putnam Hall, was drowned Thursday. He was fishing in the lake when he fell into the water. Mr. Lane distinguished himself as a Confederate soldier while a member of one of the Florida regiments and has been a factor in the political and educational affairs of west Putnam county ever since the Civil War.

Policeman Cason of Lake City met with rather an unfortunate experience last Wednesday, in his efforts to kill a dog. Immediately after having shot at the dog his attention was attracted to a colored tenement house by the screams of a colored woman. It was found that the ball which was meant for the canine must have struck the pavement and glanced in the direction of this house, passing in at the window and striking the woman on the wrist. A painful wound was inflicted in the flesh, which will probably take several days to heal.

### British and German Physique.

Ten millions of our people inhabit dwellings inferior to the kennels provided for the hounds in a well managed hunt. The results of living in dwellings unfit for human habitation and the prevalence of a dietary scale from which English meat, bread and milk are excluded are fatal to successful rivalry with a virile and healthy race where agriculture is fostered for strategical reasons.

Having spent hours in watching the arrival of the early morning trains in Berlin and Hamburg, I am appalled with the contrast between the vigorous and well set up, broad chested and healthy looking clerks, brawny shopmen and stalwart laborers on the other side of the North sea and the champagne shouldered, cow hocked, pigeon chested, lack luster trainfuls of men of the same classes landed at Liverpool street, Victoria and Charing Cross. —Arnold White in London World.

### He Studied It.

H. Rider Haggard in "A Winter Pilgrimage" tells this anecdote: "When I was a 'bearding human boy' my father took me up the Rhine by boat with the hope and expectation that my mind would be improved by contemplating its lovely and historic banks. Wearying of this feast very soon, I slipped down to the cabin to enjoy one more congenial, that of 'Robinson Crusoe.' But some family traitor betrayed me, and, protesting ever with tears that I hated views, I was dragged to the deck again. 'I have paid 6 thalers,' shouted my justly indignant parent as he hauled me up the steamer stairs, 'for you to study the Rhine scenery, and, whether you like it or not, young man, study it you shall.'"

### Much Married.

The following, taken from "Evelyn's Diary," refers to a Dutchwoman who lived in the seventeenth century: "Towards the end of August I returned to Haarlem. They showed us a cottage where, they told us, dwelt a woman who had been married to her twenty-fifth husband and, being now a widow, was prohibited to marry in the future, yet it could not be proved that she had ever made away with any of her husbands, though the suspicion had brought her divers times into trouble."

## AUSTRALIAN DINGOS.

Treacherous and Destructive Animals That Can Feign Death.

There are some who believe, though the evidence seems against them, that certain of the wild dogs, like the Australian dingo—"yellow dog dingo," always hungry, dusty in the sun"—are reversions to the wild state of a race once tame, just as the pariah dogs of various countries have traveled half the road toward becoming wild animals again.

As one sees the dingo here in the gardens it looks not merely like a domesticated dog, but like a dog of a distinctly engaging and amicable kind. The dingo's character belies its gentle looks. "Quarrelsome, sly and treacherous," an Australian naturalist has called it. So sly is it that, according to Mr. Beddard in "The Cambridge Natural History," it feigns death "with such persistence that an individual has been known to be partly flayed before moving" and so treacherous that in the days when dingoes were, more commonly kept as pets by the colonists than, as a result of bitter experience, is the case today it was no unusual thing for the dog which had been brought up with every tenderness from puppyhood to turn suddenly on its master or mistress, or, what was more frequent, when left in temporary charge of an empty house to seize the opportunity to raid the sheepfold or the poultry runs.

On such occasions it "ravens" even as the wolf, killing not to satisfy its hunger, but in the unrestrainable fury of a brute instinct, so that, given time enough, it will not leave one fowl or one sheep alive. That it does not need much time, moreover, is shown by the statement of Thomas Ward that "one dingo in the course of a few hours has been known to destroy several score of sheep." For its fighting ability the same authority declares it to be a match for most domestic dogs of double its size.

When wild it hunts in packs, which are said sometimes to include as many as a hundred individuals, though from six to a dozen is the common number, and the only Australian animal which it is uncertain if the pack can ever pull down is (in spite of Mr. Kipling) the "old man" kangaroo. —London Times.

### Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest relieved by Herbine, the best liver regulator that the world has ever known. Sold by W. M. Johnson.

### Kumiss.

Kumiss is a valuable beverage for use in the sickroom. Heat one quart of milk to 75 degrees F., add one and one-half tablespoonfuls of sugar and one-fourth of a yeast cake dissolved in one tablespoonful of lukewarm water. Fill sterilized bottles to within one and one-half inches of the top. Cork and shake. Place the bottles inverted where they may remain at a temperature of 70 degrees F. for ten hours, then put in the icebox or a cold place and let stand forty-eight hours, shaking occasionally to prevent the cream from clogging the mouth of the bottle. It is refreshing and nourishing.—Woman's Home Companion.

## Thousands Have Kidney Trouble and Never Suspect It.

### How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

### What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## WOMEN IN TROUSERS.

Some Whose Work Compels Them to Dispense With Draperies.

The idea of a woman in trousers seems to be the most horrible that the modern civilized mind can conjure up, but there are parts of the world where women wear these garments as a matter of course, and the heavens have not yet fallen. They even contrive to look charming in them, too, as in one of the cantons of Switzerland, where the bifurcated garment is worn on dress occasions as well as for work. Not even at the altar are the trousers discarded. The bride wears white ones, with a white bodice and white flowers in her hair, and many a bride in a court train is less shy and sweet. In spite of their trousers, which are necessitated by the work they do in the fields, these women do not ride astride, but use a sidesaddle just like the woman who is trammelled by skirts.

The trousers of Switzerland are loose, baggy affairs, sometimes almost as cumbersome as skirts, but the peasant maids of the Austrian Tyrol wear short, close fitting small clothes, which cannot impede their movements in any way and which are not particularly becoming. The socks do not meet the trousers and the knee is left bare, like a highlander's. The upper part of the costume has some feminine touches, and over the trousers is a short drape, which may be the remains of a skirt. These women work in the fields and stables and are compelled by their life to dispense with superfluous draperies.

French and Belgian fisherwomen wear trousers. They wade through the water, pushing their nets before them, and the heavy waves would soon sweep them off their feet if they wore skirts. Even without them they are obliged to go out in little parties for mutual protection.

In China, where they do most things differently from the rest of the world, the women wear trousers and the men do not disdain skirts. The women also smoke. In Turkey, before Paris fashions invaded the harem, trousers were worn by the women, while the cigarette is an indispensable part of their lives.—New York Tribune.

## SHERIFF'S SALE.

Notice is hereby given that under and by virtue of an execution issued out of and under the seal of the Circuit Court of Alachua county, Florida, on the 6th day of September, A. D. 1909, in a certain cause therein pending wherein J. A. Jones and B. P. Jones, late co-partners doing business under the firm-name and style of J. A. Jones & Company, are plaintiffs, and P. H. Baker is defendant, I have levied upon and will offer for sale at public outcry before the front of the court house in Gainesville, Alachua county, Florida, on the first Monday in October, A. D. 1909, the same being the 4th day of said month and a legal sales day, within the legal hours of sale, the following described property, the said property having been levied upon as the property of the said P. H. Baker, to-wit:

The West 1/2 of the Northeast 1/4 of Section 17, Township 19, South of Range 22 East, containing 80 acres more or less.

Also, the SE 1/4 of the NE 1/4 of Section 21, Township 19, South of Range 22 East.

Also, commencing at a point on North boundary line of Section 8, Township 19, South of Range 20 East, which point is located 16 chains and 83 links east of the Northwest corner of said Section 8, Township 19, South of Range 20 South and East, thence run East 629 feet more or less to the West boundary line of Olivia A. Porter's lands, thence South 627 feet more or less to margin of railroad reserve or right-of-way, thence West along a parallel line with said railroad right-of-way 641 feet more or less to the Southeast corner of lands conveyed by T. C. Ellis and S. A. Ellis to F. P. Chamberlain, thence North along East boundary line of lands so conveyed to said F. P. Chamberlain 744 feet more or less to point of beginning, containing by estimation 10 acres of land more or less.

Also, Lots 5, 9 and 10 of Block 2, Range 1, and S 1/2 of Block 3, Range 1, and S 1/2 of Block 4, Range 1, of Doig & Robinson's Addition to the City of Gainesville.

Also Lot 7 of Voyle's Survey of N 1/2 of Section 6, Township 19, South of Range 20 East, all of said lands lying and being in Alachua county, Florida.

Terms of sale, cash; purchaser to pay for title. P. G. RAMSEY, Sheriff Alachua County, Florida.

E. G. BAXTER, Attorney for Plaintiffs.

## A "Mite."

The difficulties experienced by our forefathers in trying to reckon money in very small proportions appear in the various values given to a "mite" in the sixteenth and seventeenth century books of commercial arithmetic. The original "mite" seems to have been a third of a Flemish penny, but the use of the word for the widow's coin of the New Testament made its regular English meaning half a farthing, and some old people may remember applying the name to the short lived nineteenth century coins of that value. In those old arithmetic books "mite" stands for various values not represented by actual coins, but obviously used in reckoning. A work of 1706 makes it one-twelfth of a penny, two sixteenth century books one-sixth of a farthing, and in 1674 Jenke's arithmetic made it as little as one sixty-fourth of a penny.—London Chronicle.

## Heroic Treatment.

In Guinea if a child is slow in its movements the parents apply an ant to the child instead of a whip to make it move faster. This little ant bites more cruelly than a mosquito, and its bite is apt to be troublesome afterward. As you can imagine, this treatment does not make the child kind to others, and the children of Guinea are said to be particularly cruel to animals. The little boys in Guinea do not reckon their age by years, but by their ability to endure pain. Until he gets to the point where he can let the Hucu ant bite him without wincing he is considered merely a baby.

## Women Suffer Agonies from Diseased Kidneys

And Most Women Do This Not Knowing the Real Cause of their Condition

These poor, suffering women have been led to believe that their misery of mind and body is entirely due to "ills of their sex." Usually the kidneys and bladder are responsible—or largely so. And in such cases, the kidneys and bladder are the organs that need and must have attention.

Those torturing, enervating sick headaches, dragging pains in back, groin and limbs, bloating and swelling of the extremities, extreme nervousness or hysteria, listlessness and constant tired, worn-out feeling—are almost certain symptoms of disordered and diseased kidneys, bladder and liver.

DeWitt's Kidney and Bladder Pills have, in thousands of cases, been demonstrated as remarkably beneficial in all such conditions of female organism—affording the most prompt relief and permanent benefit.

As an illustration of what these Pills will do, Mrs. P. M. Bray of Columbus, Ga., writes that she was very ill with kidney trouble, and that she is now well—and that these Pills are what cured her.

They are very pleasant to take, and can in no case, produce any deleterious effects upon the system—as syrupy, alcoholic, liquid preparations are apt to do.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail post-paid. Do it to-day.

TELEPHONE TALKS  
The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

## GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit

a few of them in the following enumeration of what

### Gainesville Has:

Two wholesale grain and feed stores.  
Two wholesale grocery establishments.  
Water "that has made Gainesville famous."  
The finest opera house in the State outside of Jacksonville.  
A Government building now being erected to cost when completed \$150,000.  
Carpenters, masons, plasterers

painters, printers, machinists and laboring men galore.  
More miles of paved streets and granolithic sidewalks than any other town in the interior of the State.  
An \$85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

# Who Pays For Your Printing?

Poor printing is a detriment to any business, and is an unprofitable investment. Poor printing is usually paid for twice—once when you settle with the printer, and again in the injury it does your business.

## GOOD PRINTING PAYS FOR ITSELF!

In the added business it brings, in the complete satisfaction you feel in sending out neat, tasty stationery, and its first cost is soon on the credit side of the ledger. Good printing is remembered long after the price is forgotten.
